

## SOLUTION TO BLOCK PICTURES ON WINDOWS 10 USING CHROME AS THE BROWSER

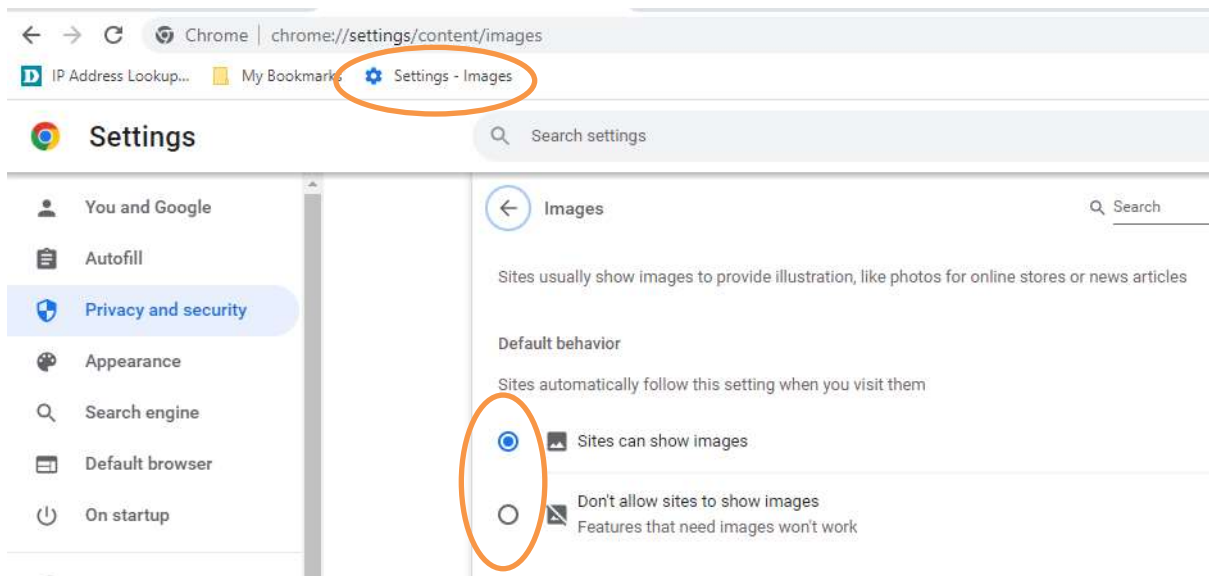

Use the following link in chrome and bookmark this link.

Copy this link <chrome://settings/content/images>

Click on **don't allow sites to show images** this will disable pictures

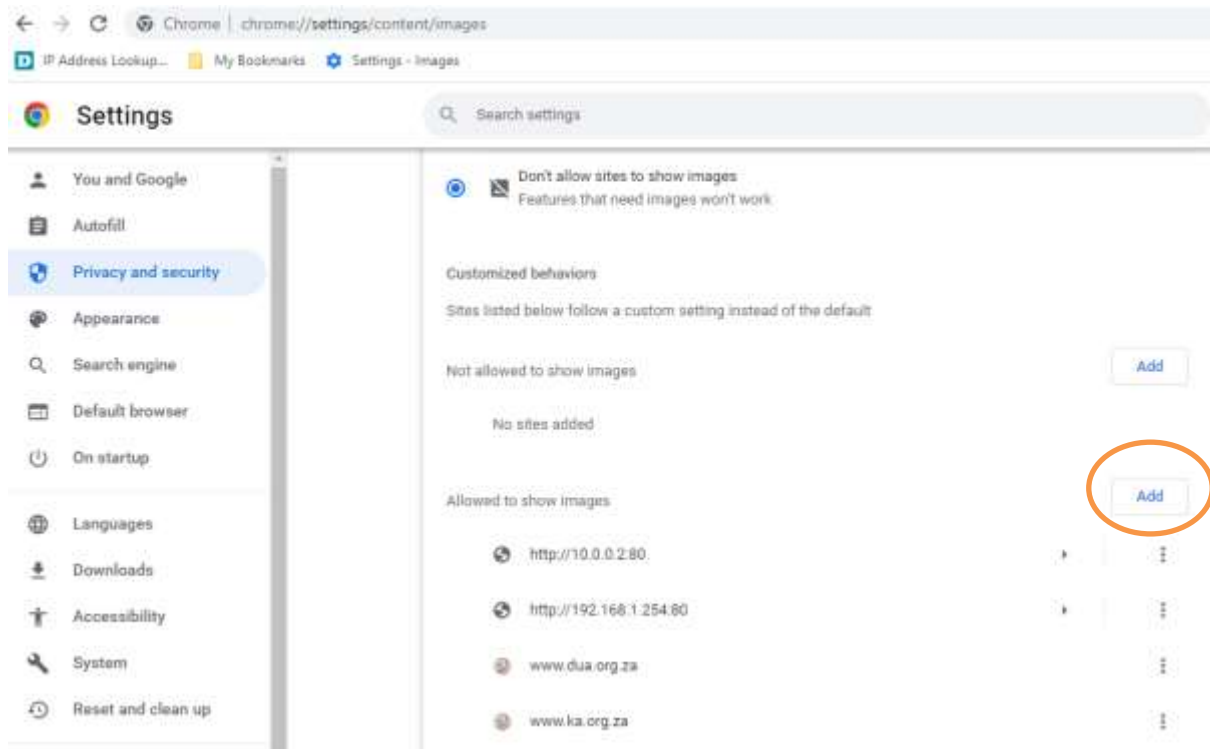

Click on **sites can show images** this will enable pictures

This link must be bookmarked so that you can toggle between switching pictures on or off <chrome://settings/content/images>

In addition if you wish to allow certain sites to show images and the setting is set to **don't allow sites to show images**

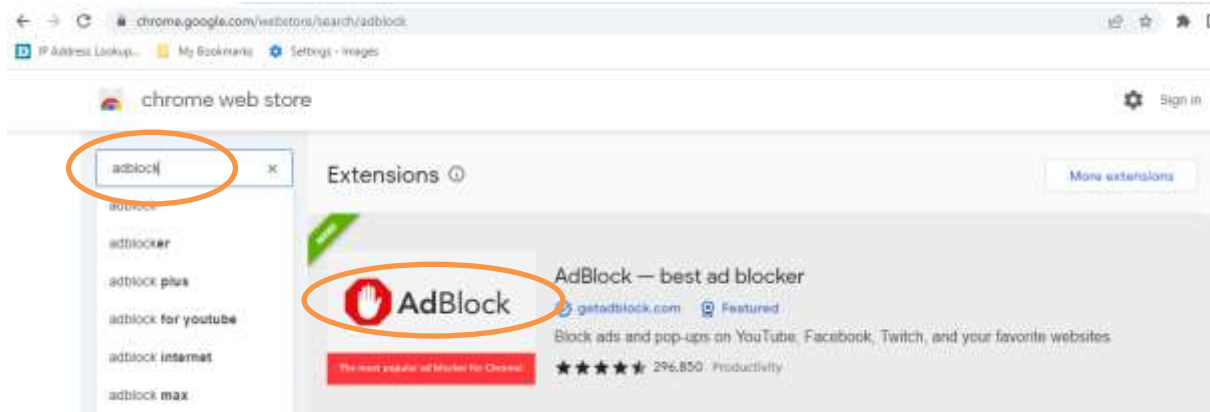

Click on **Add** Allowed to show images and enter the website address by copying from the address bar (entire URL link)

## INSTALLATION OF AD BLOCKER

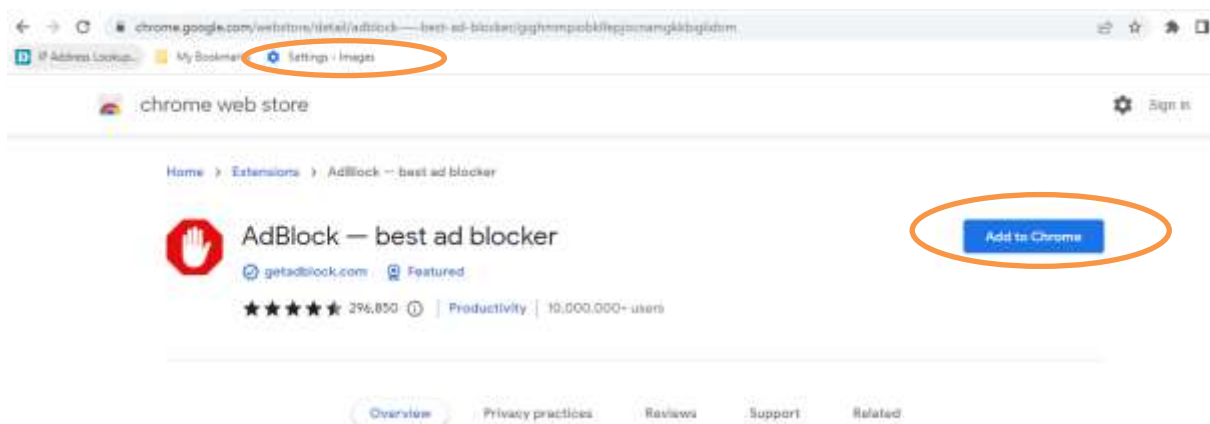

This is a once-off installation to add ad blocker extension so that adverts are blocked.

Copy this link <https://chrome.google.com/webstore/category/extensions>

In the search bar search for **adblock**

Click on **the image** to install

Click on **Add to Chrome**

Process will complete to install ad blocker

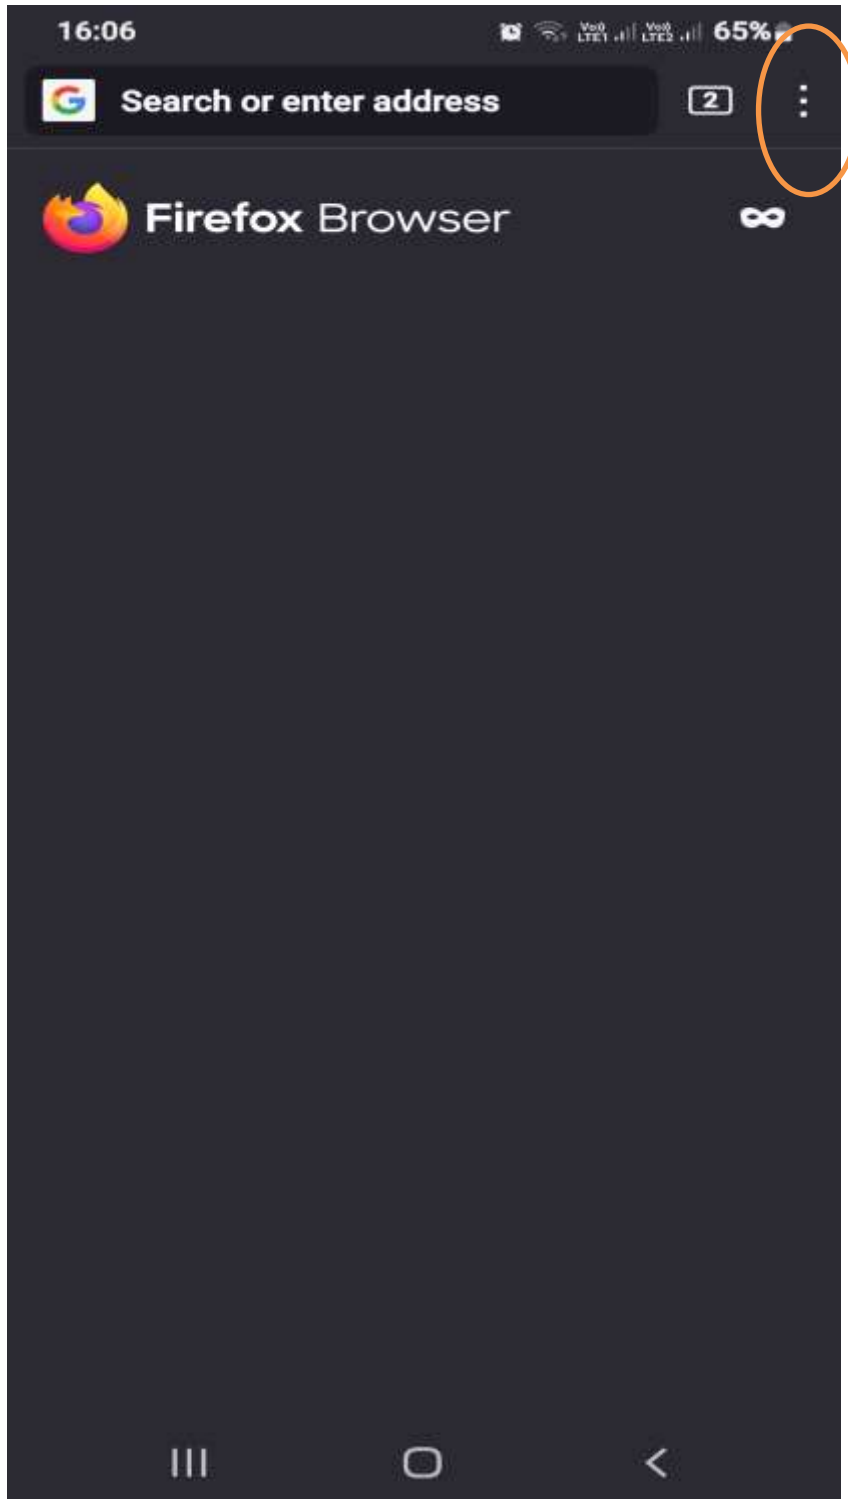

Chrome will now block ads and images as per the settings

To switch pictures on or off then click on the **Setting – Images** bookmark to change the setting as required

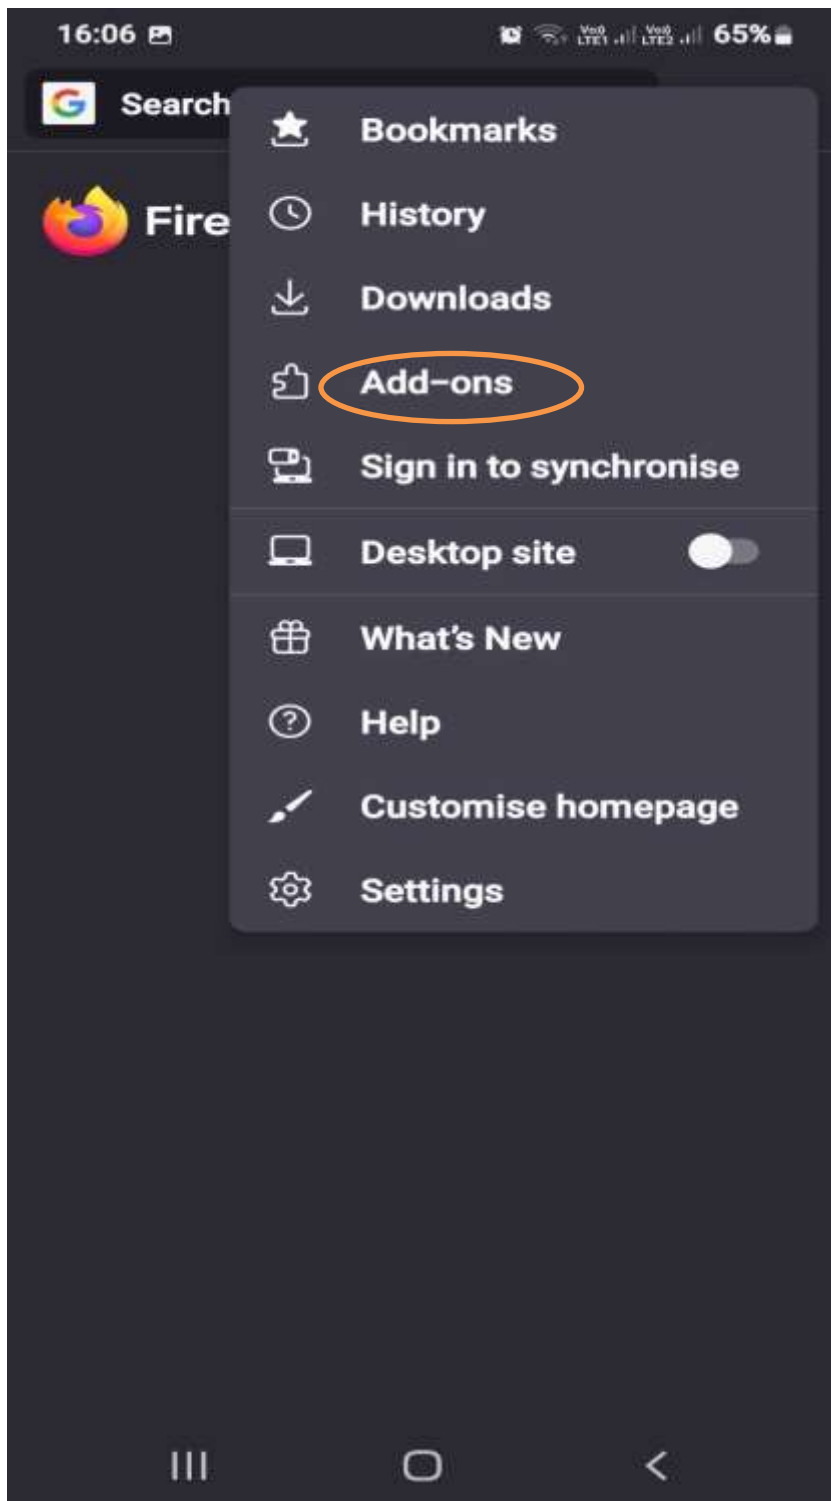

### SOLUTION FOR ANDRIOD PHONE

Search for **firefox browser** in the google play store and install

Once installed, click on the **3 dots** top right

Click on **add-ons**

Install **uBlock Origin**

The screenshot shows the Firefox Add-ons page. At the top, the time is 16:06 and the battery is at 65%. The page title is "Add-ons". Under the "Enabled" section, the "uBlock Origin" add-on is highlighted with an orange circle. Below it, the "Recommended" section lists several other add-ons: "Dark Reader", "FoxyProxy Standard", "AdGuard AdBlocker", and "Ghostery - Privacy Ad Blocker". Each recommended add-on has a plus sign to its right, indicating it is not yet installed.

## Add-ons

Enabled

 **uBlock Origin**   
Finally, an efficient wide-spectrum content blocker. Easy on CPU and memory.  
★★★★★ Reviews: 14 034

Recommended

 **Dark Reader**  
Dark mode for every website. Take care of your eyes, use dark theme for night and daily browsing. +  
★★★★★ Reviews: 4 545

 **FoxyProxy Standard**  
FoxyProxy is an advanced proxy management tool that completely replaces Firefox's limited proxying capabilities. For a simpler tool and less advanced configuration options, please use FoxyProxy Basic. +  
★★★★★ Reviews: 612

 **AdGuard AdBlocker**  
Unmatched adblock extension against advertising and pop-ups. Blocks ads on Facebook, Youtube and all other websites. +  
★★★★★ Reviews: 4 506

 **Ghostery - Privacy Ad Blocker**

Click on **Settings**

In the Ublock Origin settings scroll to default behaviour and tick **Block Media Element Larger Than** Set to **0**

On Android you can use Firefox for sites to disable pictures and Chrome for sites with pictures enabled
